

Assignment Evaluation Report

HTML FUNDAMENTALS PRACTICE TASK

Student: VM Ndlovu

Topic: Module 1 Basics

Overall Assessment: Outstanding

All key requirements verified against video guidelines.

98%

RUBRIC & REQUIREMENT BREAKDOWN

Requirement	Status	Detailed Assessment
Boilerplate Structure	PASS	<!DOCTYPE html>, <html>, <head>, <title>, and <body> are correctly configured and nested.
Headings Hierarchy	PASS	Correct hierarchical sequence using <h1>, <h2>, and <h3>.
Paragraphs & Breaks	PASS	Proper use of <p> tags and inline line break element.
Horizontal Rules	PASS	Two <hr> tags implemented cleanly for thematic breaks.
Preformatted Text	PASS	<pre> block preserves exact multi-line breaks and leading indentation.
HTML Comment	MINOR	Syntax <!-- ... --> works, but standard HTML comment syntax uses two dashes (<!-- ... -->).

RENDERED OUTPUT PREVIEW

Web Developement Basics

Module 1: Document Structure

HTML is the standard markup language for Web Pages.
With HTML you can create your own Website.

Code Snippet Preview

Here is a preformatted text block preserving exact spaces and kibe breaks:

```
Line 1: Hello World! Line 2: Indented text Line 3: End of snippet
```

Thank you for visting!
